¹ 2010 US figure reflects full Congressional allocation. 2011-2013 figures are a projection of CDC and USAID funding to the GPEI. The 2011 figure will be adjusted at year-end to reflect the full Congressional allocation.

² The 2009 contribution from Germany includes €52 million to the Government of India (combination of a loan/grant), which the Government is using to strengthen cold chain and information systems. Although this lies outside of the GPEI budget for India, this contribution is recognized in Germany's total contribution to the Initiative, but is not included in the total contributions line for G8 countries.

³ The \$355 Million Challenge Grant from the Bill & Melinda Gates Foundation to Rotary International is reflected in both the Bill and Melinda Gates Foundation and Rotary International 2008-2013 contributions lines, though the contribution is only counted once in the GPEI totals.

⁴ "Other" includes contributions from AGFUND, British Airways, Dangote Foundation, Millennium Fund, Sanofi Pasteur, Saudi Arabian Red Crescent Society, Smith Kline Biologicals and UNICEF National Committees.

⁵ The US Centers for Disease Control and Prevention, the Bill and Melinda Gates Foundation, Rotary International and the United Nations Foundation provided third-party funding to "buy down" World Bank loans to countries for the purchase of oral polio vaccine, in effect turning the loans into grants.

⁶ IFFm contribution does not include programme support costs. \$24 million of GAVI/IFFm stockpile funding is allocated to 2014.

⁷ Impact of reduced Program Support Costs (PSC) not included in subtotal, starting in 2006 onwards.

⁸ The UNICEF 2010 figure includes US\$20 million in Regular Resources for oral polio vaccine plus an additional US\$15.12 million in other UNICEF Resources.

⁹ The contributions from Rotary International, Bill & Melinda Gates Foundation, US CDC and United Nations Foundation to the World Bank Investment Partnership have also been counted in their own contribution line. The grand total, however, counts their contribution only once.
