¹ 2011 US figure reflects full Congressional allocation. 2012-2013 figures are a projection of CDC and USAID funding to the GPEI. The 2012 figure will be adjusted at year-end to reflect the full Congressional allocation.

² The 2009 contribution from Germany includes €52 million to the Government of India (combination of a loan/grant), which the Government is using to strengthen cold chain and information systems. Although this lies outside of the GPEI budget for India, this contribution is recognized in Germany's total contribution to the Initiative, but is not included in the total contributions line for G8 countries.

³ The \$355 Million Challenge Grant from the Bill & Melinda Gates Foundation to Rotary International is reflected in both the Bill and Melinda Gates Foundation and Rotary International 2008-2013 contributions lines, though the contribution is only counted once in the GPEI totals. The same applies for a \$50 million grant for 2013-2015.

⁴ For 2011, the Foundation also provided \$430,000 to improve the quality of life for children suffering from polio-related disabilities in Pakistan during the most recent polio outbreak.

⁵ 'Other' includes contributions from AGFUND, British Airways, Dangote Foundation, Millennium Fund, Sanofi Pasteur, Saudi Arabian Red Crescent Society, Smith Kline Biologicals and UNICEF National Committees.

⁶ The US Centers for Disease Control and Prevention, the Bill and Melinda Gates Foundation, Rotary International and the United Nations Foundation provided third-party funding to "buy down" World Bank loans to countries for the purchase of oral polio vaccine, in effect turning the loans into grants.

⁷ IFFIm contribution does not include programme support costs.
